4. Drive 25.5 km and turn right at the Caldera turnoff (it is a large, main road); there is a large red cell tower on the right just a couple of hundred feet after the turn so if you pass the cell tower, you have missed the turn.

6. Drive 1.2 km and turn left into Rancho de Caldera.

From Boquete:

Driving From Panama City:

1. As you begin to approach the city of David (approximately 12 km outside of David), you will pass through the town of Chiriqui; watch for the signs for Gualaca. You will see a Delta gas station on the right – the road you want is just before the station; turn right.
1. (we are a total 40 km from here) Turn right onto this road and go straight. After 16.6 km there is a Y sign, bear to the left.
2. A couple of minutes later (18.2 km) you will come to the stop sign in Gualaca (there is a Terpel gas station in front of you), turn left.
3. Shortly thereafter there is a curve in the road – keep on the main road; this happens twice – just stay on the main road.
4. At 23 km you go over a bridge and at 28 km you begin approaching the dam; be very careful as there are 5 NASTY speed bumps – go over them very slowly. There are 2 before the dam and 3 after it. The first bump is at 28.2 km and the last is at 29.2 km.
5. Continue on this road until it ends (at approximately 36 km).
6. At the stop sign, turn right.

Desde el aeropuerto de David a Rancho de Caldera:

izquierda para salir del aeropuerto en la calle Hacia Aeropuerto

2. Conduzca 3.2 km (a su mano derecha podrá ver la prisión) y doble e ingrese a la calle F.

5. Conduzca 25.5 km y doble a la derecha justo en el ingreso a Caldera (es una vía larga y principal). Habrá una gran torre celular de color rojo, y si usted lo pasa, habrá perdido la ruta correcta hacia Caldera. Debe pasar Los Molinos al lado izquierdo, media milla antes del desvío.
6. Conduzca 9.5 km y doble a la derecha en la vía asfaltada, entre la iglesia y un campo de futbol soccer.
7. Siga en esa camino por 1.2 km. Hay una vuelta de 90 grados pero usted continúe en la misma ruta de asfalto y a unas 100 yardas antes de la entrada, el asfalto se convierte en una calle no afirmado. Continúe el mismo curso y doble a la izquierda en la entrada neta de Rancho Caldera.
8. Conduzca 1 km hasta el parqueo del hotel que esta al final de la colina. De ahí para el hotel, debe ir a pie, una vez instalado en las cabañas.
